

LPSS Prepares For 403b Changeover

District employees participating in the supplementary 403b savings program through payroll deduction are in the process of making decisions about whether or not to remain as participants after a controversial LPSB action last fall moved to limit vendors to one selected by the school board. Prior to 2017 roughly six vendors offered 403b services through the school district.

LPAE Hosts Successful Read Across America Event

Special thanks goes out to Patsy Sonnier, Chairperson of the LPAE Read Across America Committee for hosting another year of reading fun. Local residents joined LPAE at the Main Branch of the Lafayette Public Library for cake, crafts, and the Cat!

Firefighters, school district employees, journalists, and LPSB members took a turn in the readers' circle to share stories from Dr. Seuss. Volunteer student leaders from Lafayette High School helped with an awesome craft activity. Several lucky participants won door prizes.

The National Education Association is building a nation of readers through its signature program, NEA's Read Across America. Now in its 20th year, this year-round program focuses on motivating children and teens to read through events, partnerships, and reading resources. Find out more at www.nea.org.

Legal Assistance

By retaining full-time attorneys throughout the state who specialize in education employee rights, LAE provides each member with professional liability insurance in the amount of \$1 million per incident. This policy covers damages that a member becomes legally obligated to pay as a result of claims arising in the course of the member's employment. The policy also provides for the defense of any member in any civil suit arising out of an event in the course of the member's employment.

LPAE/LAE Elections Seek New Leaders

It's election time! There are three great opportunities for all members to get more involved in our organization. Look for the application form for LPAE Officers, LPAE delegates to the LAE Representative Assembly and LPAE delegates to the NEA Representative Assembly.

Applications for LPAE Officers and Executive Board are for the 2017-2018 school year. Including President, Vice-President, Secretary, Treasurer, and Ten (10) Executive Board positions.

This year's LAE RA will be in Baton Rouge on April 22-23, 2017. The NEA RA will be held in Boston, MA, July 1-July 6, 2017. Delegates will receive a stipend pending available funds to help defray costs of attending the LAE and NEA conventions.

ESSA meeting

John White's most glaring proposal would make student growth a substantial component of the calculations used to grade schools: 25% of total score, compared to 7% currently used.

Public education advocates including Louisiana district superintendents, school boards, and teachers suggest that by placing an increased emphasis on test scores as a measure of academic success, the accountability system could muddle school letter grades, making some schools appear better performing than they would be based on test scores alone.

LPAE continues to advocate for a more authentic assessment of public schools in our state through local control based on multiple measures of measurement, employee input, small class-size, and consistent discipline enforcement.
